RESOURCE MANAGEMENT COUNCIL**

Rhode Island Energy Efficiency Financing White Paper RFP

---

**Respondent Questions & Answers - July 23, 2014**

Question	Answer
The "Qualification and Experience" section on page 6 asks for "Examples of Prior Work." I wanted to confirm that EERMC was requesting complete work samples for prior projects, which I presume is outside of the 20 page limit.	Examples of prior work may be outside the 20 page limit. Examples may be attached separately or links to online versions of the examples may be included in the proposal, if applicable.
How many individuals are on the finance subcommittee? In other words, how many people will attend the meetings? And, can you tell me something about the room where the meetings will be held? Does it have a computer projector? Whiteboard(s)?	There will be approximately ten people attending meetings for the financing subcommittee. We will be able to reserve rooms with access to a computer projector and whiteboards.
Will EERMC be conducting RFP respondent interviews or reaching out with direct questions to respondents prior to the award date of August 8th 2014?	The EERMC will determine whether or not to seek additional information from any or all respondents including, but not limited to, requests for clarifications and/or interviews following the proposal submission deadline of July 28. Any requests for clarifications and/or interviews would take place before the anticipated award date of August 8.
